UO FIP Draft NPR_1-8-16-MASTER.dj_ADDRESSED.docx

Carl,

Attached is the most current version with changes based on Debbie Jordan's comments addressed.

Bruce Moore and Jodi Howard on the OOOO team have not taken a second look at the document now that we have addressed their initial comments. Is that what you mean by final review, or does their initial review qualify? Chris Stoneman has reviewed the document several times since we addressed initial OAQPS comments, OGC comment, and Debbie Jordan comments. Additionally, Charlene Spells (CTGs) plans to look at the document next week, as she was too busy to do it until now. For OGC, Rick Vetter plans to take a second look next week now that we have addressed his comments, and potentially Elliot Zenick as well.

Thanks,

Claudia

Subject: Draft NPR: O/G FIP for Janet McCabe's Review

Claudia

Can you send me by the end of today the latest draft of the proposed oil and gas U&O FIP so that I can send it on to Debbie Jordan in OAR?

Debbie asked that we send it today for Janet McCabe and Joe Goffman to review prior to a Monday call we have with Janet and OAR. This is at Janet's request.

Joan and Darcy, I assume that Shaun is okay sending the draft. Let me know if there are concerns.

Debbie said it was fine if we didn't have all of her comments addressed yet.

Claudia, did we get a final review from OAQPS (the OOOO team)?

Thanks

Carl Daly 303-312-6416
